

Please do not weaken the "No Call List", citizens have a right to privacy and to not have unwanted calls made to their homes. My children have a right to not have to deal with these nuisance calls and they have a right to not be harassed by these calls. With the number of people that have signed up to be on the "No Call List" it should speak for itself, we do not want it weakened. Please listen to the people the thousands and thousands of use can't be wrong!
